### SKILLS

- ❖ Front-End :- HTML, CSS, JavaScript
- ❖ Back-end :- Java, C, Python(basics)
- ❖ Frameworks :- Angular(basics), Spring Boot(STS)
- ❖ Database :- Oracle, MySQL

### EDUCATION

- ❖ **Einstein Academy of Technology and Management (EATM), Bhubaneswar**  
Bachelor of Technology - BTech, Computer Science *CGPA: 7.54 | (02/06/2025)*
- ❖ **Nilachal Polytechnic**  
Diploma, Electrical and Electronics Engineering *Division: First | (02/06/2025)*

### EXPERIENCE

- ❖ Did a six month Training at CTTC([Central Tool Room&Training Centre,Bhubaneswar](#))

### PROJECTS

#### College Registration Portal (Spring Boot | MySQL | PostgreSQL | Render | Aiven)

- ❖ Built a web-based portal for managing student registrations, colleges, and branches using Spring Boot and JSP/HTML.
- ❖ Used MySQL for local development and migrated data to Aiven PostgreSQL via pgAdmin for cloud deployment.
- ❖ Configured CollegeMaster and BranchMaster as preloaded database entities, dynamically fetched for registration forms.
- ❖ Implemented features for secure registration, data validation, and automated record storage.
- ❖ Deployed the portal on Render, enabling remote access with real-time database connectivity.
- ❖ Replaced manual registration processes with a cloud-based automated system, improving efficiency and accuracy.
- ❖ Showcased expertise in Spring Boot, JPA/Hibernate, RESTful APIs, SQL, and cloud deployment workflows.
- ❖ Live Link :- [College-Registration](#)

### Smart Announcement System (IoT-Based Notice Board)

- ❖ Developed an IoT-powered Smart Notice Board using **Raspberry Pi** to modernize traditional communication systems.
- ❖ Enabled **real-time remote updates** and management of notices through a connected web interface.
- ❖ Implemented **authentication mechanisms** to ensure secure posting by authorized users.
- ❖ Eliminated **paper-based notices**, reducing clutter and promoting an **eco-friendly** communication approach.
- ❖ Enhanced **information accessibility, engagement, and transparency** across organizational and institutional environments.
- ❖ Showcased the integration of **IoT and single-board computing** to create a dynamic, efficient, and scalable communication platform.

### MINI PROJECTS

- ❖ **Personal Portfolio Website** :– Designed and developed a responsive portfolio using HTML, CSS, and JavaScript.
- ❖ **To-Do List App** :– Created a dynamic task manager with HTML, CSS, and JS for adding, deleting, and marking tasks.
- ❖ **Quiz Game** :– Built an interactive quiz game using HTML, CSS, and JavaScript.
- ❖ **Calculator** :– Developed a functional web-based calculator with HTML, CSS, and JS supporting basic arithmetic operations.

### POSITION OF RESPONSIBILITY

- ❖ Served as an active member of the college tech society, mentoring juniors in basic HTML, CSS, and Java concepts.
- ❖ Contributed to team projects and led deployment workflows using cloud platforms.

### ACHIEVEMENTS / HOBBIES

- ❖ Passionate about exploring IoT innovations, watching anime, and learning emerging technologies.
- ❖ Enjoy traveling, experiencing new cultures, and spending time in nature.
- ❖ Actively play indoor and outdoor games to stay physically and mentally active.
- ❖ Enthusiast of greenery and gardening.
